

FCDC

family child development center

TUITON RATES

Effective July 2, 2018

	Classroom	5 days	4 days
 	Caterpillars (Infants 6 wks to 8-10 mo) Dragonflies (Infants 8-10 mo to about 16 mo)	\$385	\$347
 	Ladybugs (Toddlers about 16 mo - about 24 mo) Grasshoppers (Toddlers about 24 mo - about 32 mo)	\$330	\$297
 	Honeybees (Preschoolers about 32 mo to 4 years) Fireflies (Preschoolers about 4 years to Kindergarten)	\$290	\$261

Families with two children enrolled fulltime will receive 10% off the tuition of the older child and 5 % off the tuition of the second child, in the event a third child is enrolled. This is available only for fulltime enrollments.

Half-day enrollments are available on a very limited basis and only when classroom planning and staffing permits. When enrolled half-time, children may be enrolled for a 5-hour period between 6:30 a.m. - 12:00 noon. The days and hours must be specified in the contract, for staff planning purposes. Meals and snacks will be provided, as scheduled for the class.

FCDC accepts part-time enrollments as long as doing so does not put the class above its teacher-child ratio or class capacity, and as long as there is not a child wanting more hours per week. Should a request be received for higher enrollment in that spot, FCDC reserves the right to ask the family to (1) enroll for more hours or (2) give up their spot. Under those circumstances, FCDC will strive to provide 2 weeks notice.

FCDC welcomes children receiving public assistance and accepts the tuition payments provided by the assistance, even though they may be lower than our standard rates.

FCDC's WAIT LIST

FCDC maintains lengthy waiting lists especially for the infant and toddler programs. Parents are encouraged to enter the waiting list as early as possible. When an opening occurs, the following factors determine priority: 1) Child of an FCDC staff member, 2) Sibling of a currently enrolled child, 3) Child currently enrolled at FCDC on a part-time basis and seeking full-time enrollment, 4) Child on waiting list seeking full-time enrollment, 5) Child on waiting list seeking part-time enrollment.

When you inquire about space in our program, we will ask for your child's date of birth to determine availability for enrollment. Space may not be available for the foreseeable future if all currently enrolled children are expected to remain at our program. Space may only open if a family chooses to leave the center. To ensure we do not overenroll our program, our wait list is guided primarily by a child's date of birth or anticipated due date and secondly by the first date of contact. After touring our center, you will be offered the option to enroll in the next available space by securing a deposit. If a space is not yet available or you are not yet ready to secure a space with a deposit, we will add you to our wait list free of charge and will only contact you if a space becomes available. The space available may be for a time frame earlier or later than your needs.

Once a space is offered for enrollment, we would require a decision be made about registration within 48 hours. A deposit is required to hold all spaces. After 1 year, the center will remove your name from our wait list. If you would like to remain on the wait list longer than 1 year, please reach out to the center to have your information updated. We welcome families to check in on our wait list at any time and especially if your needs have changed.
